Elevate Textiles- A&E Thread	North Carolina	USA	Mark Hatton	VP Sales	mark.hatton@elevatetextiles.com;	704-951-2516	This survey is being completed as a counterpart to the survey completed by our fabrics division, Burlington Ind. Our Company was founded by James Ennis in 1972 knowing that there was a better way to service customers in the textiles and supplies industry. He knew there was a better way to provide customers with what they needed, when they needed it. Ennis Fabric's first warehouse was a 2,500 ft2 bay in Edmonton where fabrics and supplies were distributed in just Northern Alberta. However, thanks to the continued support from our valued customers, Ennis Fabrics has become an international distributor of globally sourced textiles and supplies. Today, we have over 9,000 products that are distributed throughout North America and globally from four extensive, full-service distribution centers in Toronto, Vancouver, and Indianapolis. Our fourth distribution center is our wholly-owned 40,000 ft2 quality control and consolidation warehouse in Ningbo China. The Ningbo distribution center is also capable of domestic Asian trading. Despite almost a half a century of operation, Ennis Fabrics still embodies James Ennis' original pursuits in providing customer-centric products and services. Ennis Fabrics is designed for your Medical grade 7mm Poly PET film face shields						X	Sewing Thread
